Grey Ghost Detroit COVID-19 Specifics

Thank you for choosing to dine with us at Grey Ghost Detroit. We are delighted to be able to serve you again, albeit in a modified format, as described below. Please note that we are following guidance from the Mayor of Detroit, Michigan’s Governor and all applicable government agencies to ensure a safe dining experience for our guests. We have reduced our capacity to 50%, allowing for the requisite spacing between tables and will continue to adhere to the strict sanitation standards we have always employed and are required for the prevention of the spread of COVID-19. In addition, for your added safety, staff will wear masks at all times, while you won’t be able to see their friendly smile, they are excited to be able to serve you once again. Below some steps we are taking to protect our guests from the spread of COVID-19.

SANITATION

- The restaurant will be cleaned everyday (as usual) using a chemical disinfectant, which meets the EPA criteria for use against SARS-CoV-2, the virus that causes COVID-19, on all surfaces. This will be done by our designated Clean Team (an outsourced provider).
- Deep Cleaning Protocol – This protocol is triggered when a staff/guest has tested positive for COVID-19 and has been on the premises within the last 72 hours. The restaurant will be shut down and, using fogging disinfectant, the entire restaurant will be deep cleaned in addition to the standard everyday cleaning procedures. Once everything has been appropriately sanitized and we are clear to open we will re-open. Guests will be notified if a reservation needs to be canceled.
- All handles and communal surfaces will be sanitized every 30 minutes. Please note the addition of touchless foot openers on all doors.
